Hi dear, Hi love! I almost forget how to write LOL!! I'm writing to you this to wish you a happy birthday. You told me you want a handwritten letter, so; I'm doing it right now. You are not just a sister! you're my childhood. From day one, we were always together. Let me tell you that you're the best sister ever. I miss our days. When we used to share all the details. We were always a great support to each other.

Your Sissy 

Happy birthday To the sweetest and most beautiful soul. Always ♡

I'm so grateful for all the memories we've shared together. The moments we spent, especially during the senior period and everything that came after, are truly unforgettable. I honestly don't think I'll ever forget all those crazy conversations, the laughs, the tears and especially your 30-minute audios 😊

You're such a beautiful person, inside and out. I hope this new year brings you all the happiness, love, success and beautiful moments you deserve.
